

# CUSTOM-BUILT SEA-GOING VESSELS & INLAND VESSELS

Shipyard De Hoop is a successful Dutch builder and designer of custom-built vessels. Designing and building a complete new vessel requires a creative and innovative approach. As well as a good knowledge of the latest developments and opportunities. This is how Shipyard De Hoop differentiates itself within the market: every vessel, sea-going or inland, is a one-off! Because Shipyard De Hoop has all the necessary disciplines to build a complete new vessel under one roof (inclusive in-house department of engineering), the yard is able to deliver within fast lead times and a high level of flexibility and quality.
